

TekOutdoors presents

Hunting 101

A comprehensive course on hunting and outdoor skills

Have you always wanted to learn how to hunt but never had an opportunity? Is your new boss or father-in-law really into hunting and you'd like to bridge that gap? Whatever your motivation, TekOutdoors has the solution. Our Hunting 101 course is everything you

need to know about hunting packed into a weekend you won't soon forget. You'll receive instruction from licensed professional guides on all things hunting, with all the knowledge you'll need to pass the Hunters Safety Course. But this is just more than instructional, it's an actual hunt. So, you will get a chance to harvest an animal and even learn how to field dress it. The course will cover stalking, setting up and hunting from blinds, and even wildlife management. We will teach you how to shoot rifles and shotguns safely, and there's even an opportunity to upgrade your hunt to a trophy exotic or add an additional dove hunt. Classes are capped at 4-6 hunters and the basic Hunting 101 package is only \$1950. So, call today and reserve your spot.

The next classes are September 8-10 and September 22-23 at a ranch less than 2 hours from San Antonio and Austin. Call 502-686-0224 to register.

What You'll Learn

- ◆ Firearm and hunting safety
- ◆ Shooting
- ◆ Field dressing, skinning, and quartering game
- ◆ Fire starting and outdoor skills
- ◆ How to prepare and cook wild game

What You Get

2 nights stay at a premier hunting ranch in the Texas hill country
One-on-one instruction on operating a variety of weapons safely
Live-fire instruction and practice time on a rifle and skeet range

The opportunity to harvest a Corsican, Black Hawaiian, or Texas Dahl ram
